Coal stocks improve at power plants in Nov: Power minister

PRESS TRUST OF INDIA
 New Delhi, December 2

Power minister RK Singh said the government has taken steps to maintain adequate stocks with plants

COAL STOCKS AT over 136 power plants in the country improved to 18.95 million tonne (mt) in November this year as compared to the previous two months, Parliament was informed on Thursday. Stock of coal at these plants was 10.37 mt in September and 8.07 mt in October.

"As on 26th November 2021, the total coal stocks available with 136 linkage-based power plants monitored on a daily basis in Central Electricity Authority (CEA) was 18.95 mt, which is sufficient to run these plants for an average of 9.5 days," power minister RK Singh said in a written reply to the Lok Sabha.

"The details of average daily coal stocks in these power plants during the months of September 2021 and October 2021 were 10.34 mt and 8.07 mt, respectively," he informed the House.

The government has taken various steps for maintenance of adequate coal stocks with power plants, the minister said.

An Inter-Ministerial Sub Group comprising representatives from the ministries of power, coal, railways, and CEA, Coal India/Singareni Collieries Company meets regularly to take operational decisions to enhance supply of coal to thermal power plants as well as for meeting any contingent situations relating to the power sector including

critical coal stock position in the plants, Singh stated.

The ministry of power (MoP) has also constituted a Core Management Team (CMT) with members from the MoP, railways, CEA, CIL, NTPC, DVC and POSOCO to ensure close monitoring of coal stocks at thermal power plants and operational decisions are being taken in CMT to augment supply of sufficient quantity of coal to the plants.

Further, based on the decision of the government, CIL has offered about 5.2 mt additional coal from its various subsidiaries to state/central gencos for lifting through rail-cum-road (RCR)/road mode, he stated.

Recently, an Inter-Ministerial Committee comprising the secretary (coal), secretary (power), secretary (MoEF&CC) and chairman, Railway Board has been set up to finalise the demand in advance, review the situation and take corrective action with regard to ensuring adequate coal supply to power plants in the country.

Revised coal stocking norms have been mandated by CEA mandating the coal stock of 17 days at pit head stations and 26 days at non-pit head stations to be maintained by power plants from February to June every year, he said.

Notes:

- The Scheme(s) would have the flexibility to move downwards on the risk scale. However, any change in the positioning of a scheme into a cell resulting in a risk (in terms of credit risk or duration risk) which is higher than the maximum risk specified for the chosen PRC cell, shall be considered as a fundamental attribute change of the scheme in terms of Regulation 18(15A) of SEBI (Mutual Fund) Regulations, 1996. As per the Circular, fresh investments in perpetual debt instruments (including Additional Tier 1 bonds) can only be made in schemes that are in Class III of PRC.
- Placement of the scheme in one of the cells of PRC matrix does not reflect the scheme's pre-existing holdings as on the date of the Circular pertaining to perpetual bonds (including debt instruments with special features viz. subordination to equity which absorbs losses before equity capital and/or convertible to equity upon trigger of a pre-specified event for loss absorption, for instance Additional Tier 1 bonds issued under Basel III framework) with respect to the Macaulay Duration and maturity thresholds specified therein, till the time such bonds are held by the scheme.

All details of the Product Label and other provisions of the above-mentioned Schemes shall remain unchanged, including scheme category and features as per the SEBI circular on "Categorization and Rationalization of Mutual Fund Schemes".

This addendum shall form an integral part of the SID / KIM of the above-mentioned Schemes as amended from time to time.
